PROJECTS

STUDENT RESULT MANAGEMENT (Link) — :

- Built a full-stack web application using React and Firebase with authentication, real-time updates, and full CRUD operations.
- Added features like Student Progress Tracker (charts), Certificate Generator (PDF), and Top Performers Leaderboard.
- Implemented Firebase Authentication and Realtime Database for secure data handling.
- Designed a clean responsive UI using CSS.

ADDITION GAME (Link) — :

- Developed a dynamic arithmetic game that generates random addition problems for users.
- Integrated real-time validation using JavaScript. Users receive immediate results upon submission.
- Added interactive buttons for user actions, including "Check" for answer validation and "Restart" to reset the game. These enhance usability.

EXPERIENCE

YUGA YATRA RETAIL PVT. LTD.

July 2025 – Sept 2025

Software Engineer Intern

- Successfully completed a 2-month internship focused on software engineering and full-stack development.
- Developed website and application features using React, Firebase Studio, Cursor AI, and AI-based tools.
- Gained hands-on experience in live projects, improving technical skills and understanding real-world workflows.

VIVARTTANA TECHONOLOGIES PVT. LTD.

April 2025 – June 2025

Data Analytics Intern

- Gained hands-on experience in data analytics by working with real-time datasets.
- Created interactive dashboards and visual reports using Power BI.
- Collaborated with mentors to understand standard data workflows and reporting practices.

CERTIFICATIONS

- HTML and CSS – Coursera
- JavaScript – Coursera
- React JS – Cuvette
- Python – Coursera
- Git and GitHub – Google
- SQL – Cuvette

ACHIEVEMENTS

- Successfully qualified GATE, demonstrating strong technical and problem-solving skills.
- Won the Best Athlete trophy for exceptional performance.
